Inheriting Italian Classics

Wistar, a brand with Italian blood, carries the unique pursuit of classic and innovation since its birth.unique pursuit. Italy, a land full of romance and art, has nurtured countless masters of design and craftsmanship.Italy, a land full of romance and art, has nurtured countless masters of design and craftsmanship, and Westech is one of them.

Quality builds the future and widens the range of products

Ltd. in 2010, and set up Shenzhen Wisdom Door Control Technology Company in Shenzhen.We have introduced modern management system and imported equipment, set up a strong R & D, production and sales team to ensure that each product is perfect.We have introduced modern management system and imported equipment, set up a strong R & D, production and sales team to ensure that each product is perfect. For a long time we have been focusing on interior door locks, intelligent door locks, home hardware, engineering hardware and other high-end customised products.hardware, engineering hardware and other high-end custom products. We insist on the ultimate pursuit of quality, continuous innovation, to provide customers withWe are committed to the pursuit of quality and innovation to provide our customers with an experience of home hardware that exceeds their expectations.

Online and offline for the world

While focusing on R&D and production, we have a strong sales team, which not only includes global trade, industrial engineering, famous real estate and other channels, but also has a strong sales network in China.We have a strong sales team, which not only includes global trade, industrial engineering, famous real estate and other channels, but also set up sales outlets across the country to provide customers with convenient and professional services. In addition to offlinesales, our e-commerce section also brings unlimited empowerment to our customers, achieving the first single product sales on Tmall.

Looking to the future

VSTE will continue to pursue the ultimate innovation and quality with the spirit of unremitting struggle. We are committed to providing thousands ofhouseholds with beautiful, comfortable and convenient home hardware experience, so that every customer can feel the VSTEquality of life.

Intelligent door lock series

Product parameter

Material:Zinc
Reference center distance:60-70mm
Suitable to:Wooden door,Exterior door
Function:Fingerprint,Password,IC Card,Key,Bluetooth APP, WiFi built in
Fingerprint capacity:99 sets
Password capacity:99 sets
Performance technical index:Using biological fingerprint technology which is sensitive.
Card type:IC ml
Quiescent dissipation: $\leq 20\mu A$
Low battery indicator:4.8V
Operating temperature:-20°C~60°C
Dynamic power consumption:About 150mA
Supply voltage:6V
Power supply:4 pcs AA alkaline battery

Create angular, very three-dimensional visual aesthetics, enhance the overall sense of seniority and value of the product; the use of lines, with a richer sense of hierarchy, and then through the use of large areas of woodwork and leather, the softness and angularity of the very good fusion together. It can be used for both small homes and high-ceilinged villa spaces.

3D150(30) 3D adjustable hinge

A: Front and rear adjustment B: Adjust up and down C: Left and right adjustment

PRODUCT INFORMATION

- For wooden doors
- Concealed installation
- Easy to install and adjust
- With 3D adjustable vertical $\pm 2\text{mm}$
- horizontal $\pm 2\text{mm}$
- depth $\pm 1.5\text{mm}$
- Opening angle: 180°

TECHNICAL DATA

- Max. door weight with 2 hinges 80kg
- Max. door weight with 3 hinges 120kg
- Min. door thickness 40mm
- Max. door width 940mm

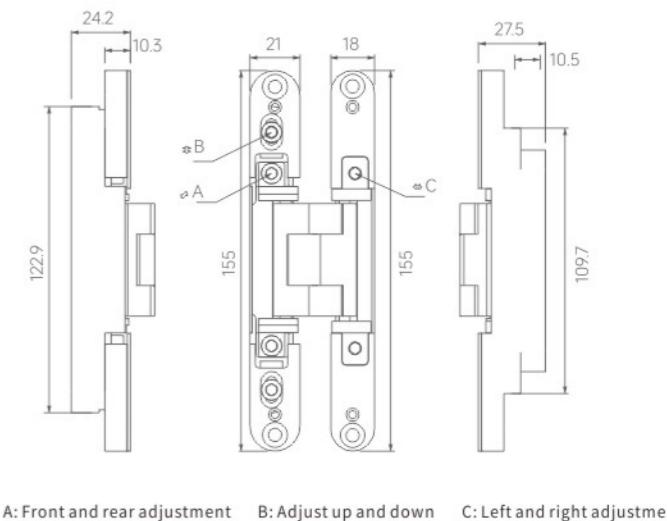

MATERIALS

- Body material: zinc alloy
- Connecting arm material: zinc alloy
- Cover material: zinc alloy

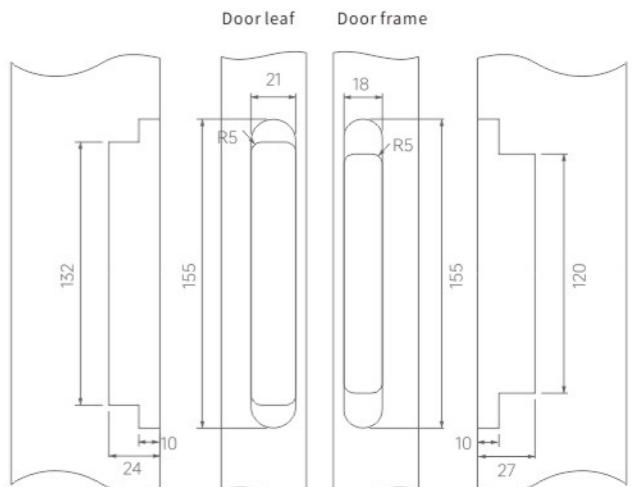

HE3D155(21) 3D adjustable hinge

备注: 方向识别 关门状态下

A: Front and rear adjustment B: Adjust up and down C: Left and right adjustment

PRODUCT INFORMATION

- For wooden doors
- Concealed installation
- Easy to install and adjust
- With 3D adjustable vertical $\pm 3\text{mm}$
- horizontal $\pm 3\text{mm}$
- depth $\pm 1.5\text{mm}$
- Opening angle: 180°

TECHNICAL DATA

- Max. door weight with 2 hinges 40kg
- Max. door weight with 3 hinges 60kg
- Min. door thickness 25mm
- Max. door width 940mm

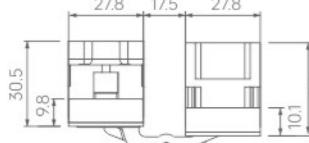

MATERIALS

- Body material: zinc alloy
- Connecting arm material: zinc alloy
- Cover material: zinc alloy

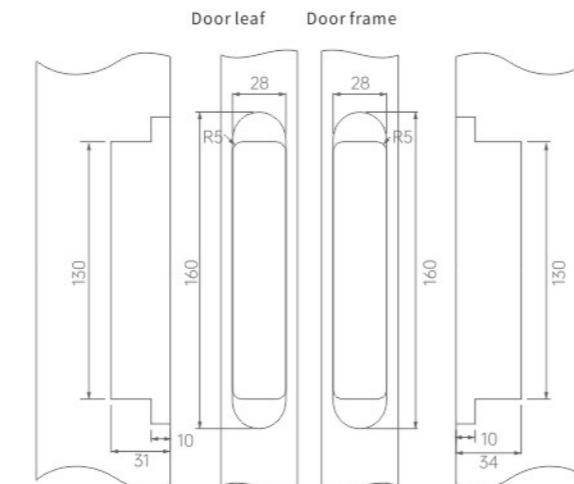

HE3D160(28) 3D adjustable hinge

亚黑/HC 金拉丝/SB

A: Front and rear adjustment B: Adjust up and down C: Left and right adjustment

PRODUCT INFORMATION

- For wooden doors
- Concealed installation
- Easy to install and adjust
- With 3D adjustable
- vertical $\pm 2\text{mm}$
- horizontal $\pm 2\text{mm}$
- depth $\pm 1.5\text{mm}$
- Opening angle: 180°

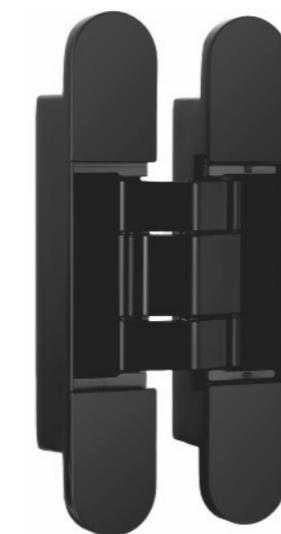

TECHNICAL DATA

- Max. door weight with 2 hinges 80kg
- Max. door weight with 3 hinges 120kg
- Min. door thickness 40mm
- Max. door width 940mm

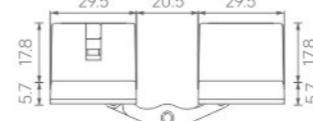

MATERIALS

- Body material: zinc alloy
